

Get Involved with Workforce Villages!

The Workforce Villages Program provides working individuals with an opportunity to save the majority of their income in their own bank account. Our 12-week program empowers clients to find long-term housing with a lease in their name.

Upon graduation, we provide clients with cleaning and kitchen kits to set them up for success in their new apartment.

How Can I Get Involved?

If you are an individual, volunteer organization or community partner and want to be a part of our client's success, come put together graduation kits with us! You can also put them together at your organization and we will pick them up!

You can also use the QR codes below to purchase one or more kits and they are sent to our Mesa office and we will assemble them.
