

Get Involved with Workforce Villages!

The Workforce Villages Program provides working individuals with an opportunity to save their income in their own bank account. This 12-week program empowers clients to find stable, long-term housing with a lease in their name upon graduation of the program. After successful completion, we provide clients with cleaning and kitchen kits to set them up for life in their new apartment.

How Can I Get Involved?

If you are an individual, volunteer organization or community partner and want to be a part of our client's success after the program, come put together graduation kits with us!

You can also use the QR codes below to purchase one or more kits.

Kitchen Kit

Cleaning Supplies Kit

Please reach out to Missy Myers at (602) 349-4523 or mmyers@sjwjobs.org to schedule a group volunteer project or if you would like alternatives to Amazon.
